

## Newhaven Fort Education

### Which groups will an educational visit benefit?

An educational visit to Newhaven Fort offers an exciting and stimulating learning experience in a safe environment that can be tailored towards the needs of individual different groups.

Groups benefiting from an educational visit to Newhaven Fort include; -

- Schools at Primary and Secondary level (key stage 2,3 & 4)
- Special Needs groups
- Further Education
- Adult learning

### Educational value

The exciting displays, audio-visual and interactives and the opportunity to study primary objects encourage pupils to explore their subjects further. Worksheets provide a varied and challenging work schedule that can be followed up back in the classroom, all of which, when added to the unique opportunities of the fort as a place to explore and have some fun, add up to an exceptional educational venue.

### Planning and booking

To help you plan and book your visit, a FREE education resource pack is available containing information and helpers sheets and the all-important worksheets for key stages 2-4 with suggestions for projects. Each booking is dealt with individually and personally and tailored to fit each educational group and the subjects to be covered. There is no minimum or maximum numbers and every effort is made to make an educational visit as stress free and as beneficial as possible. There is more information on planning and booking a visit at the end of this booklet.
